Association of Florida Colleges

ANNUAL REPORT 2020

ABOUT THE ASSOCIATION

The Association of Florida Colleges was founded in 1949 as the Florida Association of Public Junior Colleges by the presidents of Florida's first four public junior colleges. Its mission was to unite the colleges for the purposes of helping the Florida Legislature understand the junior college mission and to advocate for Florida's public junior colleges in the development of the state's long-range plan for higher education. The AFC is the only organization which represents all employees, presidents, and trustees associated with a college system. Today, all 28 of the state's colleges support the work of the Association through dues and the sharing of their talents, time and enterprise.

THE *Florida* COLLEGE SYSTEM

PRESIDENT'S MESSAGE

MISSION STATEMENT

The Association of Florida Colleges, Inc. is the professional association of Florida's 28 public member institutions of the Florida College System, their boards, employees, retirees and associates, and the employees of the Division of Florida Colleges. The mission of the Association is to actively promote, represent, and support members and institutions as they provide their students and the citizens of Florida with a world-class college system.

2020 - What a Year!

To see the state of the association, we only need to look at how AFC and our members have responded in 2020.

We started the year with our Leadership Conference where we packed our state office building to capacity with AFC leaders new and old. It was a wonderful start to what we thought would be an awesome year. Then COVID hit us in March. In the midst of our colleges converting ALL classes online, our AFC leaders went above and beyond by moving all five region conferences to a virtual format for the first time ever. Our commission leaders held virtual events and presented at region conferences as well. In addition to our regions and commissions, our chapters stepped up also and found ways to connect with their members.

Also, during this time, our state office started offering webinars on Tuesdays and Thursdays, not just for our AFC members, but for ALL state college employees. As an in-person, event heavy, association, this pivot was unprecedented, and I feel it has changed our association as to what we can do moving forward.

I wish I could tell you that everything is fine and sunny. These are tough times and our association has not been immune to the circumstances. Similar to our colleges, our association faces difficult decisions as we reflect on what makes this association what it is today and where we should go moving forward. What I can do is ask you to look for the silver linings found in 2020, such as the fact that we have “virtually” reached more members this year than any other. I see these changes as opportunities for our association to adapt and grow.

But if this year has taught me anything, it's that our AFC members are awesome, resilient, and DEFINITELY dedicated to our association. So as for the state of our association, I say that with the continued support of our membership, AFC can weather any storm!

Matthew White

2020 Association of Florida Colleges President

Activities and Events

AFC RESPONSE TO COVID-19

In early March, the AFC began monitoring the state’s response to Covid-19. On Wednesday, March 11, the AFC Board agreed to postpone all the scheduled AFC Spring Region and Commission meetings. All were encouraged to host some form of a professional development event virtually. During this time, a plan was developed to offer, free of charge, webinars to the AFC members and others. The AFC leadership team expressed a desire to ensure that the “new normal” of self-distancing and remote work would not diminish the AFC’s value to its membership or the FCS.

Although 2020 was not a normal year for the AFC, the core value of Professional Development was not lost. The AFC remained committed to supporting its member institutions by providing avenues for professional development and growth, and it provided a needed connection to those in the FCS community.

The AFC hosted and provided support for 103 meetings and conferences serving more than 4,003 members and nonmembers. The AFC traditionally hosts statewide conferences in addition to four Board of Directors meetings annually. This year, those include the Annual Leadership Conference, the Cybersecurity Conference, and the Annual Meeting & Conference. In addition to these meetings, the AFC also facilitates nine meetings annually for the FCS Council of Presidents.

AFC Trustee Legislative Conference	82	FSU University Center Club
AFC Legislative Days	24	AFC Building
AFC Leadership Conference	66	AFC Building
Board of Directors Meeting	33	AFC Building
Executive Committee Meeting	10	AFC Building

CERTIFIED COLLEGE PROFESSIONAL PROGRAM

The Certified College Professional (CCP) program currently offers the Florida College Professional Certificate (FCPC) which is designed to provide a statewide overview of the Florida College System (innovative and cutting-edge professional development opportunities to AFC members.

Since its inception in 2012, the program has produced 85 graduates, and currently has 50 enrolled participants. Seven AFC members, the 9th graduating CCP class, received their Florida College Professional Certificates in the fall of 2020.

SERVICE PROJECTS

Community is a core value of the Association of Florida Colleges. Each chapter, region, and commission throughout the year, participates in service projects giving back to the local communities in which they serve. At all of its region and commission meetings and at the annual conference, the AFC selects organizations to recognize and contribute to as it continues to demonstrate its on-going commitment to providing community service in Florida's communities. Despite Covid-19, several organizations benefited from the AFC in 2020:

Leon County Schools
Canopy Oaks Elementary School

Operation Gratitude
42 Thank You Letters

Make A Difference Organization
Pasco County

Collections of Nonperishable Items for
Homeless Students on Campuses

AFC FOUNDATION

The AFC Foundation, Inc. provides charitable and educational financial support to the Association of Florida Colleges, its members and institutions. The AFC Foundation operates three funds.

The Professional Development Scholarship Program annually awards members up to \$300 to participate in any AFC professional development program. Funds may be used for the Certified College Professional Program, the AFC Leadership Conference, the Campus Safety Symposium, the Annual Conference, and/or Commission and Region educational events.

The General Fund provides support for various AFC educational events as well as individual AFC members in need. The AFC Foundation provided support the AFC Trustees Commission Legislative Conference.

The Capital Fund provides resources as needed to the AFC for the maintenance of the AFC Building in Tallahassee. The Foundation purchased the home of the AFC in 2017, using resources from the sale of its previous building in downtown Tallahassee. Ten percent of all rent funds collected by the AFC are given to the Foundation.

The AFC Foundation welcomed the following tenants into the building in 2020:

McLean Mortgage Corporation

Alexis Simoneau

Ford Henley Consulting, LLC. d/b/a Ford's Tech Help

Financial GPS, LLC.

Michelle Fortier, Licensed Clinical Social Worker

CTS Engineering Firm

PUBLICATIONS

Capitol Perceptions

Capitol Perceptions is published weekly during the annual Florida

Legislative Session. This publication provides updates on current legislative issues and bills as they progress throughout the annual session.

CURRENT

The Association's official newsletter, *Current*, was published quarterly in 2020.

Current is filled with informative and interesting articles about the community and state college profession as well as AFC activities, members, chapters, commissions and other groups. It is distributed electronically via the AFC website.

On the Horizon

On the Horizon, a biweekly e-newsletter sent to all AFC

members, was launched in 2018. Horizon keeps members informed of upcoming professional development opportunities, events and meetings, calls for proposals, registration deadlines, AFC membership benefits and partnerships, and other information useful to have in advance.

ADVOCACY

The 2020 Florida Legislature adjourned sine die on March 19, 2020 following a budget process that resulted in the extension of the legislative session by six days to meet the required 72-hour cooling-off period. In the end, the Legislature approved the General Appropriations Act (HB 5001), appropriating an overall budget of \$93.2 billion which takes effect July 1, 2020.

The 2020 regular legislative session included:

- 3,578 Bills and PCBs filed
- 2,596 Amendments filed
- 4,223 Votes Taken
- 40 Floor Sessions were conducted by both chambers
- 210 Bills passed both chambers

Of those that passed, 188 were substantive policy bills.

The Governor vetoed 611 items totaling \$1,000,337,940 billion.

In addition to these vetoes, the Governor authorized an annual release plan for operating expenses that will provide for a 23.5% release of authorized appropriations for each quarter of the Fiscal Year 2020-2021. This holdback of 6 percent is intended to curtail state agency spending during the upcoming fiscal year to allow for a review and potential reduction of non-essential services and programs. This 6% reduction will have unanticipated impacts on the operating budgets of each of the 28 colleges in the FSC for the current fiscal year.

The Florida College System Program Fund will receive Educational Enhancement Trust Fund (Lottery) revenue

of \$168,247,219 (+10.7%). In addition, \$1,076,168,013 (+1.5%) is appropriated from General Revenue.

Incentive funds (performance) are appropriated in two categories. \$30 million is provided for the 2+2 Student Success Incentive Fund. These funds support colleges efforts to improve the success of students enrolled in AA programs to complete critical college credits courses, earn an AA degree, and transfer to a baccalaureate program.

\$10 million is provided for the Work Florida Student Success Incentive Fund. These funds are to support college strategies and initiative to align to align career education programs with statewide and regional workforce demands and high-wage opportunities.

\$14 million is allocated for industry certifications earned by students at colleges in specific occupational areas. They are: public safety, health sciences, auto service technology, auto collision repair and refinishing, cyber security, cloud virtualization, network support services, computer programming, advanced manufacturing, electrician, welding, FAA airframe and powerplant, and unmanned aircraft systems, pharmacy technicians, and HVAC.

\$550,000 is allocated for Dual Enrollment instructional materials.

The Florida College System will get \$10,650,533 million for construction, renovation and remodeling projects at two colleges. No maintenance, rem/ren funding has been provided.
