Useful Features

- ability to share seamlessly, through email, link, QR code, etc.
- ability for users to interact in real-time
- ability for users to comment or provide feedback
- ability to upload anything, including personal files
- ability to organize content in multiple ways
- ability to build limitless connections, including links to other padlets

Implementations

- Introductions
- K-W-L-W
- Parking Lot
- Exit Ticket
- Group Projects
- Portfolios
- Discussions

Voices of GSELS Students
What local projects do you envision? - by A. Cordero, D. Lopez, Z. Khan, S. Cobble, M. Trujillo, and P. Alvarez

A screenshot of a Padlet board titled "Voices of GSELS Students" showing various student posts on topics like Gun violence, Mangroves, Fast fashion, Land use, Infrastructure, Sea level, Housing, Climate, Water, and Transportation. Each post includes a title, a small image, the author's name, and a question or statement related to the topic. For example, one post is titled "Gun violence" by I. aalysharose001 with the question "Gun violence in Miami-Dade County". Another is "Mangroves" by F. mateo aranzazu asking "Can mangroves save Miami from climate change?".
