

Theme: "Better Together"
Region V Spring Conference
Call for Proposals Now Open!

Dear AFC Members,

On April 5th, the Association of Florida Colleges will host its Region V spring Conference at Broward Community College North Campus.

As we all know, Higher Education is quickly evolving therefore, we need to continue to share information and best practices. When we continue to share lessons, ideas, and great content we shall continue to "Move Forward" and become "Better Together."

Through AFC, members can present information that we can take back to our respective organizations and share with our colleagues. Our continued collaboration with faculty, staff, and AFC commissions will position us to provide a more robust support system within AFC.

Please consider these topics for presentations for our Region V conference:

- AI-Information Technology
- Collaborations with the Academic Community
- Academic Dishonesty
- New Retention/Enrollment ideas
- Financial planning
- Career Technical Education (CTE)
- Emotional Intelligence
- Human Resources-Hiring practices
- Test Anxiety
- Campus Esthetics-Facilities
- Esports
- Workforce Education
- Career Professionals

Deadline for proposals-March 25th

Please send your submissions to Dr. Sepulveda-Smith at sepulveda@palmbeachstate.edu

I look forward to your innovative topics!
